

Product Requirements Document (PRD) for MOSÉ

Document Owner: Klinton Ehigiator

Date: 22nd June, 2025

Version: 1.0

1. Overview

1.1 Purpose

The Artwork & Gifts Marketplace (MOSÉ) is an e-commerce platform that connects artists, crafters, and independent creators with buyers looking for unique, handmade, and personalized artworks. It also help users to create a gift platform so as to get gifts on their birthdays from friends. The platform will enable sellers to showcase and sell their products while providing buyers with a seamless shopping experience.

1.2 Goals & Objectives

- Provide a user-friendly marketplace for artists and creators to sell their work.
- Offer buyers a curated selection of unique, high-quality artwork and gifts.
- Support secure transactions and multiple payment options.
- Implement a review and rating system to build trust.
- Enable customization/personalization options for certain products.
- Provide collected historic events centered around African and other contemporary artworks and artists
- Enable users to create gift platform to obtain gifts on birthdays

1.3 Target Audience

Sellers: Independent artists, crafters, designers, and small businesses.

Buyers: Consumers looking for unique gifts, art collectors, interior decorators, and corporate buyers.
